Beartown Road  
Beekmantown, New York

(518) 561-3938

*A Not-for-Profit Membership*

## Our Story

The idea of a family ski area was born in 1957 at the suggestion of the Council of Community Services. Through the combined efforts of many local supporters, land was purchased and work began. The main slope was cleared and a rope tow installed for the 1958 season. Since then, expansion and improvements have continued at a steady pace providing the entire area with an excellent popular family recreational facility. Beartown, a not-for-profit membership corporation, is owned and operated by the members through a board of directors.

## A Community Treasure

Beartown—so close to home—has welcomed generations of North Country families to its slopes. Toddlers, students, and adults of all ages and skill levels come to Beartown for its uncrowded slopes and friendly assistance of the Beartown staff. Operated and sustained by dedicated members of the community, Beartown caters to young skiers and snowboarders with experienced instructors, a youth ski team, and a caring, family-oriented environment. Come ski with us while you revel in the beauty of the outdoors with stunning views of Lake Champlain.
